

TWIN CITIES

AUGUST 22, 2026
COMO PARK ZOO

BECOME A SPONSOR

**Partner with us to create visibility, spark understanding,
and support local families living with dystonia.**

The Twin Cities Dystonia Zoo Day is organized by local families affected by dystonia. The event raises awareness, educates the public, and generates critical funding for dystonia research and patient support programs.

WHAT IS DYSTONIA?

Dystonia is a neurological movement disorder that causes involuntary muscle contractions, leading to repetitive movements and abnormal postures.

These symptoms can affect gait, balance, speech, vision, and daily functioning — and are often painful and disabling. Dystonia affects people of all ages, backgrounds, and stages of life.

A feeling of isolation is common, which is why events like the Twin Cities Zoo Day are so important to our community, and why your support makes a real impact.

YOUR IMPACT

Your support empowers us to:

- Reach families, healthcare professionals, and community leaders across the Twin Cities metro area
- Advance groundbreaking research
- Expand vital patient support programs
- Educate the public about dystonia
- Advocate for policies that improve access to treatment and support
- Demonstrate your organization's commitment to accessibility and community health

Your sponsorship helps shine a light on a rare neurological disorder while bringing the community together for a family-friendly day at the zoo.
